PROENERGY NAMES NEW SENIOR VICE PRESIDENT OF ENERGY SERVICES

SEDALIA, Mo. (April 10, 2014) – ProEnergy is pleased to announce the appointment of Mike Brady as Senior Vice President of Energy Services. Mike will be responsible for the day-to-day leadership of Energy Services, driving processes and productivity through scheduling and execution.

Mike brings extensive experience in strategy, growth, execution, and cost control to his new role. With over 24 years of experience in the energy industry, he has held numerous leadership roles in organizations of varying sizes and complexity. Prior to joining ProEnergy, Mike was the President and COO of TAS Energy, and has also held leadership roles with companies including The Home Depot, Pratt & Whitney and GE. Mike holds a bachelor's degree in Mechanical Engineering from the University of Cincinnati, and a MBA in Finance from Xavier.

“As ProEnergy continues to grow and evolve, we seek out leaders who can build strong teams to support our mission,” said ProEnergy CEO, Jeff Canon. “Mike is a proven leader in the industry who will help us advance and be recognized as the energy services provider of choice.”

ProEnergy is responsible for the construction, management, operations, maintenance, and repair services for energy generation facilities and equipment around the world. The company's extensive capabilities and commitment to quality and safety has led to its expansive growth. ProEnergy has U.S. offices in Sedalia, Missouri; Houston, Texas; and Fort Collins, Colorado; and international locations in a number of countries including Argentina, Venezuela, Brazil, Panama, Pakistan and Angola. More information is available on ProEnergy's website at www.proenergyservices.com.
