PROENERGY'S TRAINING PROGRAMS ACCREDITED THROUGH NCCER

SEDALIA, Mo. (February 10, 2014) – ProEnergy has been granted Accredited Training Sponsor and Accredited Assessment Center status by the National Center for Construction Education and Research (NCCER). NCCER is a not-for-profit education foundation created in 1996 to develop standardized construction, maintenance and pipeline curricula. As an Assessment Center and Training Sponsor, ProEnergy has the ability to administer assessments, performance verifications and training utilizing NCCER curriculum.

“NCCER has established the benchmark for quality and training programs in the construction and maintenance industries, said ProEnergy CEO, Jeff Canon. “We are pleased that they recognize us as having the resources needed to effectively conduct a quality training program.”

ProEnergy is responsible for the construction, management, operations, maintenance, and repair services for energy generation facilities and equipment around the world. The Company's extensive capabilities and commitment to quality and safety has led to its expansive growth. ProEnergy has U.S. offices in Sedalia, Missouri; Houston, Texas; and Fort Collins, Colorado; and international locations in a number of countries including Argentina, Venezuela, Brazil, Panama, Pakistan and Angola. More information is available on ProEnergy's web site at www.proenergyservices.com.
