**PROENERGY WELCOMES NEW IGT PARTS MANAGER**

SEDALIA, Mo. (June 2, 2016) – ProEnergy is pleased to announce the addition of Americo Zapata as the Industrial Gas Turbine Parts Manager. Americo’s 20 year career in the Gas Turbine industry has included leadership roles in maintenance, operation, component inspection and repairs. Prior to joining ProEnergy, Americo held various Gas Turbine Technical Specialist and Maintenance positions for Dresser-Rand, GE and most recently NRG as the Capital Parts Manager.

“Americo brings a wealth of technical knowledge on gas turbine parts and repairs,” said ProEnergy’s Vice President of Turbine Services, Craig Kingsley. “He will play an integral part in helping us grow our capital parts solutions to a whole new level in the industry.”

ProEnergy is responsible for the construction, management, operations, maintenance, and repair services for energy generation facilities and equipment around the world. ProEnergy has U.S. offices in Sedalia, Missouri; Houston, Texas; and Fort Collins, Colorado; and international locations in a number of countries including Canada, Argentina, Venezuela, Brazil, Panama, Pakistan and Angola. More information is available on ProEnergy’s website at [www.proenergyservices.com](http://www.proenergyservices.com).
